Young Leaders' Summit 2020

Date: 01st Nov 2020

Dear Adhishwar S,

We would like to congratulate you for attending the Young Leaders' Summit from October 26th to November 1st, 2020 as a delegate, conducted at IIM Bangalore's Vista 2020.

Your thoughtful application convinced us that you have the requisite motivation, intellectual energy, and talent to make you a treasured delegate at the summit. This year, more than **6,500** undergraduate and graduate students applied for the summit of which only **340** were selected to attend the same. It was exceedingly tough for us to select individuals from a brilliant pool of applicants. While we would have loved to have each and every applicant, we could admit only a limited number of delegates, you being one of them. In making our decision, we took into consideration not only the learning outcomes you would be subjected to, but also the collective capabilities of the cohort that represent an opportunity for cross-pollination of ideas and knowledge.

Young Leaders' Summit, in its 7th year, has blossomed to represent a golden opportunity for the prospective MBA students to gain first-hand experience of life at IIM Bangalore. We had curated each session to ensure the delegates experience a sense of self-satisfaction. The **Speaker session** line-up for this year's summit consisted of Dr. Kiran Bedi, Dr. Raghuram Rajan, Dr. Viral Acharya, Gurudev Sri Sri Ravi Shankar, Mr. Narayana Murthy, Mr. Shiv Khera, Mr. Vivek Chandra and Vishwanathan Anand. This line-up was complemented with **3 Panel discussions** with prominent leaders from industry such as Mr. Ronjoy Dutta, Ms. Naina Lal Kidwai and Mr. Ajay Piramal among others.

We conducted exclusive interactive sessions for you at YLS including **Faculty Speakers sessions** with Prof S. Shanker and Prof. Rakesh Godhwani of IIM Bangalore. The **STRATUP Business Simulation** by our simulation partner *Biz.Games* inculcated the entrepreneurial learnings and business understanding by a hands-on participation. The **Case Study workshop** conducted by Mr. Mayuresh Patole, co-author of *Case Interviews Cracked*, introduced case-based pedagogy to the delegates followed by a **Case Study competition** to enable further learning. The simulation game and case study competition saw participation from 83 teams including you and your team. Towards the end, the **Domain specific Fireside Chat** provided an opportunity for you to have an understanding of the domain of your choice by interacting with MBA students at IIM Bangalore.

Once again, Team Vista 2020 extends our congratulations and gratitude for attending the Young Leaders' Summit at IIM Bangalore's Annual Business Fest VISTA 2020.

Sincerely,

Sasi Kumar V, Secretary

Forum for Industrial Interaction

IIM Bangalore
